

Montessori School
of Long Grove

Anti-Bullying Policy

I. Introduction

The Montessori School of Long Grove (MSLG) is a community of adults and children working together with the principal aim of helping children develop their own personal potential: academically, socially, physically, and emotionally. We believe strongly that our students' daily school experience should be a happy and rewarding one, and that all children have the right to learn in an environment that respects their needs and is both safe and nurturing. School is a place where students learn the norms and mores of social interactions. As part of this process, all students experiment with a range of behaviors as they begin to gauge their own social power. As a result, it is possible that students may sometimes push the limits of this range and engage in behaviors considered bullying, as defined in accordance with Illinois State Law below.

Bullying and other forms of peer mistreatment are detrimental to the school environment, as well as student learning, achievement, and well-being. Bullying and other forms of peer mistreatment affect not only students who are targets, but also those who participate in and witness such behavior. These instances must be addressed to ensure student safety and an inclusive learning environment.

It is not our intent to prohibit students from expressing their ideas or from engaging in civil debate. However, MSLG does not condone and will take action in response to conduct that interferes with students' opportunity to learn, our educational mission, and the operation of the school. Bullying and Cyberbullying are contrary to MSLG's Mission Statement and core values, and to Illinois State Law.

II. Prohibited Behavior

The following behaviors are prohibited:

1. Bullying;
2. Cyberbullying;
3. Harassment;
4. Retaliation against those reporting such defined behaviors; and
5. Making knowingly false accusations of bullying and/or cyberbullying behavior.

Any person who engages in any of these prohibited behaviors that constitute bullying shall be subject to appropriate disciplinary actions.

III. Bullying and Cyberbullying Definitions

- A. "Bullying", including "Cyberbullying", is any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect or one or more of the following:

1. Placing the student in reasonable fear of harm to their person or property;
 2. Causing a substantially detrimental effect on the student's physical or mental health;
 3. Substantially interfering with the student's academic performance;
 4. Substantially interfering with the student's ability to participate in or benefit from the services, activities, or privileges provided by the school.
- B. "Cyberbullying" is defined as bullying through the use of technology or any electronic communication, including, but not limited to, a transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted by the use of any electronic device, including, but not limited to, a computer, telephone, cellular telephone, or text messaging device.
- C. "Retaliation" means an act or gesture against a student for asserting or alleging an act of bullying. "Retaliation" also includes knowingly falsely reporting an act of bullying.
- D. "Alternative discipline" means disciplinary action other than suspension or expulsion from school that is designed to correct and address the root cause(s) of a student's specific misbehavior while retaining the student in class/school, or restorative school practices to repair the harm done to relationship and persons from the student's misbehavior.

IV. Examples of Bullying and Cyberbullying

Bullying may take various forms, including, but not limited to, one or more of the following:

1. Repeated or pervasive taunting, name-calling, belittling, mocking, insults, or demeaning humor;
2. Behavior that is likely to harm someone by damaging or manipulating his/her relationships with others, including, but not limited to: gossip, spreading rumors, and social exclusion;
3. Non-verbal threats and/or intimidation;
4. Hate speech, such as the use of words or images to harass individuals or groups based on gender, gender expression, race, religion, sexual orientation, or any other aspect of identity.

Cyberbullying may take various forms, including, but not limited to, the following actions on any electronic medium:

1. Posting slurs or rumors or displaying any defamatory, inaccurate, disparaging, violent, abusive, profane, or sexually oriented material about a student on a website, an app, in social media, or any other electronic platform;
2. Posting misleading or fake photographs or digital video footage of a student on websites or creating fake websites or social networking profiles in the guise of posing as the targeted student;
3. Impersonating or representing another student through the use of that other student's electronic device or account to send e-mail, text messages, instant messages (IM), phone calls, or other messages on a social media website;
4. Sending e-mail, text messages, IM, or leaving voice mail messages that are hostile or threatening, or so numerous as to bombard the target's e-mail account, IM account, or cell phone; and

5. Using a camera phone or digital video camera to take and/or send embarrassing or humiliating photos or “sexting” photographs of other students.

Obviously, MSLG cannot control the bullying behavior of students through the transmission of information from a computer that is accessed at a non-school related location, activity, function, or program, or from the use of technology or an electronic device that is not owned, leased, or used by the school. If the out-of-school bullying causes a substantial disruption to the educational process or orderly operation of the school, parents/guardians of all parties will be contacted, and the school will determine the appropriate course of action and natural consequences. This applies if a school administrator or teacher receives a report that bullying through this means has occurred.

V. Reporting

Bullying or suspected bullying should be reported in person or in writing (including anonymously) to MSLG’s Head of School: Ms. Kristin Caldwell, kristin@montessorilonggrove.org

- A. School faculty and staff, as well as teachers of extra-curricular activities are required to report alleged incidents of bullying to the Head of School. Any other adult working or volunteering in the school will be encouraged to promptly report observed or suspected alleged incidents of bullying to the Head of School.
- B. Students who are believed to have been bullied or are aware of incidents of bullying are strongly encouraged to report this behavior to a staff member or the Head of School.
- C. Parents and other adults who believe that an incident of bullying has occurred are encouraged to report this behavior to a staff member or the Head of School.
- D. Acts of reprisal or retaliation against any person who reports an alleged incident of bullying are prohibited. Any student who is determined to have knowingly falsely accused another of bullying shall be subject to disciplinary consequences.

VI. Responding

The Head of School (or designee) will:

- A. Promptly (within 10 days) investigate and respond to allegations of bullying behavior;
- B. Keep written documentation of all allegations of bullying behavior and outcomes of investigations;
- C. Inform parents/guardians of the student who was alleged to have engaged in bullying AND of the student who was believed and/or reported to have been bullied that a report of an alleged incident of bullying has been made;
- D. Communicate to the parents/guardians of the student who was believed to have been bullied the measures being taken to ensure the safety of said student and to prevent further acts of bullying;

- E. Inform parents/guardians of the students involved of the findings of the investigation and actions to be taken;
- F. Communicate with local or state law enforcement agencies if, in the judgment of the school, it is believed that the pursuit of criminal charges or a civil action under Illinois law may be warranted.

VII. Remediation

The Head of School, upon completing the investigation process, and with input from appropriate stakeholders, will:

- A. Identify the specific nature of the incident.
- B. Apply disciplinary actions, which may include, but are not limited to, imposing a series of graduated consequences that follow MSLG's philosophy of natural consequences and/or include alternative discipline. In determining the appropriate response to students who engage in bullying behavior, the Head of School will consider the type of behavior, the frequency and/or pattern of behavior, and other circumstances deemed to be relevant. Alternative discipline includes, but is not limited to:
 - 1. Meeting with the student and the student's parents/guardians;
 - 2. Reflective activities, such as requiring the student to write an essay about his/her misbehavior;
 - 3. Mediation, but only when there is mutual conflict between peers, rather than one-way negative behavior, and both parties voluntarily choose this option;
 - 4. Family or individual counseling;
 - 5. Anger management;
 - 6. Health counseling or intervention;
 - 7. Mental health counseling;
 - 8. Participation in skills building and resolution activities, such as social-emotional cognitive skills building, resolution circles, and restorative conferencing;
 - 9. Community service; and
 - 10. In-school detention or suspension, which may take place during lunch/recess or after school.
- C. Remediate a substantiated incident of bullying to counter the negative impact of the bullying and reduce the risk of future bullying incidents, which may include referring the victim, perpetrator, or other involved persons to counseling or other appropriate services.

VIII. Assignment of Responsibility

- A. The Head of School, with the support of the Board of Directors, is responsible for:
 - 1. Annually providing written versions of this policy and related procedures to students, parents/guardians, volunteers, extra-curricular activity guides, and school faculty and staff;

2. Posting this policy and related procedures on the school website;
3. Including in the Parent Handbook a section that addresses in detail this policy and related procedures;
4. Oversight, implementation, and enforcement of this policy and its procedures;
5. Designating school faculty and/or staff to administer the policy as warranted;
6. Ensuring that the prohibition on bullying and retaliation and the attendant consequences apply to any student, school employee, contractor, visitor, or volunteer who engages in conduct that constitutes bullying or retaliation;
7. Providing professional development and staff training in the best practices in bullying prevention as well as implementation of this policy; and
8. Filing this policy that addresses bullying and cyberbullying with the Illinois State Board of Education, as required.
